Don't make me dream about you, don't make me  
dream about you.

Don't make me dream about you, don't make me  
dream about you.

I dream in daytime and night time, I dream of love or  
romance.

It won't be nice if they catch me, But I can live with the  
chance.

Because I love you, because I want you.

I will win your love for me, yeah I will win your love for  
me.

Looked so sweet when I meet you, now your acting so  
bold.

Feels so hot when I kiss you, and now you come on  
cold.

And I still love you, I still want you.

And I will win your love for me, yeah I will win your love  
for me.

No, no, no.

Don't make me dream about you, don't make me  
dream about you.

Don't make me dream about you, don't make me  
dream about you.

Took a chance when I meet you, I should of known I  
would loose.

I know it's wrong I should leave you, you make it so  
hard to choose.

And I still love you, I still want you.

And I will win your love for me, yeah I will win your love  
for me.

No, no, no.

Don't make me dream about you, don't make me  
dream about you.

Don't make me dream about you, don't make me

dream about you.

Don't make me dream, don't make me dream.
