Don't make me dream about you, don't make me
dream about you.

Don't make me dream about you, don't make me
dream about you.

I dream in daytime and night time, I dream of love or
romance.

It won't be nice if they catch me, But I can live with the
chance.

Because I love you, because I want you.

I will win your love for me, yeah I will win your love for
me.

Looked so sweet when I meet you, now your acting so
bold.

Feels so hot when I kiss you, and now you come on
cold.

And I still love you, I still want you.

And I will win your love for me, yeah I will win your love
for me.

No, no, no.

Don't make me dream about you, don't make me
dream about you.

Don't make me dream about you, don't make me
dream about you.

Took a chance when I meet you, I should of known I
would loose.

I know it's wrong I should leave you, you make it so
hard to choose.

And I still love you, I still want you.

And I will win your love for me, yeah I will win your love
for me.

No, no, no.

Don't make me dream about you, don't make me
dream about you.

Don't make me dream about you, don't make me
dream about you.

Don't make me dream, don't make me dream.
