All I want, to be with you
More and more each day
I find that I turn away
But still you're calling my name

I don't talk to you Jesus
I don't sing to you Jesus
I don't call you Lord my God
I won't die for you Jesus
Not my life Jesus
This race I'll run my own

But your love is more than I can breathe
For all eternity
With open arms you are
Waiting there for me
I hear you call my name
I'll never be the same
Falling on my knees
I think I'm breaking free

I'll run to you not looking back
I'll fix my eyes your way
All my strength is found in you
More and more each day

I'll talk to you Jesus
I'll sing to you Jesus
I'll call you Lord my God
I'll die for you Jesus
Take my life Jesus
I'll worship you my God

Your love is more than I can breathe
For all eternity
With open arms you are

Waiting there for me
I hear you call my name
I'll never be the same
Falling on my knees
I'm finally breaking free

When I meet the Lord
Before his throne
Can't wait to hear him say
You have fought the good fight
You have finished your race
You've always kept the faith
Well done my child
You know I'm proud
Been waiting here for you

I'll talk to you Jesus
I'll sing to you Jesus
I'll call you Lord my God
I'll die for you Jesus
Take my life Jesus
I'll worship you my God

Your love is more than I can breathe
For all eternity
With open arms you are
Waiting there for me
I hear you call my name
I'll never be the same
Falling on my knees
I'm finally breaking free
I'm finally breaking free
I'm finally breaking free
I'm finally breaking free
