Standing in this moment, and I pray to God that I  
Will have the strength to carry on  
My heavy burden, my laden face, I weep with silent  
tears  
For him who hears to take this pain away

I don't want to ask for something more than I can bear  
But give me the strength I need to trust you more  
With my future, my worries, and all I have to offer for  
love  
Lord I love you, Lord I trust you, Lord your goodness  
cares for me oh

Lord guide me, Lord lead me on

I've found your freedom, seen your glory  
Nothing feels the way you make me feel when I'm  
with you  
I'm awakened with you saying spend today with me  
I have so much to offer you

Lord, I've tried to live my life on my own  
But then I realized that you're the source of all of me  
I was running my race all alone, but then you came to  
me  
Took my hand and led me on
