Verse 1:

I've seen you in my dreams
You're standing here with me
I'm barely holding on
And it's you I'm praying that falls
One single stare from you is more than enough
It could shatter every image I had for us

Chorus:

If you take a chance on me
I can't promise you everything
But all we need is love to make it through
Cause I'm head over heels for you

Verse 2:

I felt love pull me down
Just before you turned around
Though the summer felt a week
You're still amazing me
Cause one single stare from you is still more than enough
To see you here in my arms and if I never give up

Chorus:

Will you take a chance on me
I can't promise you everything
But all we need is love to make it through
Cause I'm head over heels for you

Chorus:

Will you take a chance on me
I can't promise you everything
But all we need is love to make it through
What's ahead of us
So baby take my hand
Be my girl, I wanna be your man

Cause all we need is love to make it through
Cause I'm head over heels for you
