its been long time coming
But its finally here
Im gunna pack up my things
And get myself outta here
I made a big decision
Gunna rip up the scenes
What the hell is livin
If your not livin your dreams

Making my way
Doing my things
Don't have much but im bad in everything
I know (I know), im pushing my luck, living on a
longshot
Baby if you wanna come with me
You gotta roll like thunder in between the sheets
I don't care, if you like or not
Im living on a long shot

Im living on a longshot
Im living on a longshot

And I wont stop running
Cuz it makes me free
I gotta take what I want
Cuz no one's giving it to me
I don't need forgiven
So don't play for me
Cuz its the truth im living
A gamble of my own destiny

Making my way
Doing my things
Don't have much but im bad in everything
I know (I know), im pushing my luck, living on a
longshot
Baby if you wanna come with me
You gotta roll like thunder in between the sheets
I don't care, if you like or not
Im living on a long shot

Im living on a longshot

Im living on a longshot
Im living on a longshot
Im living on a longshot

Its been long time coming
But its finally here
Im gunna pack up my things
And get the hell out of here

Making my way
Doing my things
Don't have much but im bad in everything
I know (I know), im pushing my luck, living on a
longshot
Baby if you wanna come with me
You gotta roll like thunder in between the sheets
I don't care, if you like or not
Im living on a long shot

Im living on a longshot
Im living on a longshot
Im living on a longshot
Im living on a longshot...
