Because of you  
There's a song in my heart  
Because of you  
My romance had it's start

Because of you, the sun will sun  
The moon and stars will say you're mine  
Forever and never to part

I only live for your love and your kiss  
It's paradise to be near you like this  
Because of you, my life is now worthwhile  
And I can smile, oh, just because of you

I only live for your love and your kiss  
It's paradise to be near you like this  
Because of you, my life is now worthwhile  
And I can smile, oh, just because of you

Hey now, I can smile  
Mmm, just because of you
