Feel the sun in my eyes  
Swat that clumsy fly  
Woke me up from a dream about Heaven  
Smellin' coffee downstairs  
Yawn a quick little prayer  
And get up at a quater to 7  
The mirror catches my stare  
Got some nice pillow hair  
And I smile all the way to the bathroom  
Scratch my whiskery chin  
Now my cranium swims  
With questions I can't wait ask You,

Chorus

Why did you bother with so many stars?  
Do You ever play tricks on the angels?  
And what happened to all of those dinosaurs?  
Wheres the Garden of Eden?  
And what causes deja vu?

Verse 2

I guess in heaven I'll learn I'll be waiting my turn  
To ask about quasars and feathers  
I hope the line isn't long  
I hope Your patience is strong  
It's a good thing forever's forever

Chorus 2

Do our jokes make You laugh?  
What's your favorite cartoon?  
Can you tell me what's out past the edges?  
And what about UFO's, tastebuds and tornadoes?  
Why do we dream?  
Oh, & what causes deja vu?

Verse 3

Time to call it a day  
Time to turn off my brain

It's already half past 11  
I reach to turn out the light  
Close my sleepy eyes  
I'll save up the questions for heaven  
I'll save all the questions for heaven  
I'm saving up questions for heaven
