I'm so thirsty, I can feel it  
Burning through the furthest corners of my soul  
Deep desire, I can't describe it  
Nameless urge that drives me somewhere  
Though I don't know where to go

Seems I've heard about a river  
From someone whose been  
And they tell me once you reach it  
That you'll never thirst again  
So I have to find the river  
Somehow my life depends on the river  
Holy river

Other waters I've been drinkin  
But they always leave me empty like before  
Satisfaction, is all I'm askin  
Could I really be this thirsty  
If there weren't something more

And I've heard about a river  
From someone whose been  
And they tell me once you reach it  
That you'll never thirst again

So I have to find the river  
Somehow my life depends on the river  
Holy river

I am so thirsty (x3)

I'm on the shore now, of the wildest river  
And I kneeled and beg for mercy from the skies  
No one answers I've got to take my chances  
'Cause something deep inside me is cryin  
This is why you are alive

So I plunge into the river  
With all that I have  
Praying this will be the river  
Where I'll never thirst again  
I'm abandon to the river

And now my life depends on the river  
Holy river

I am so thirsty, so thirsty  
I am so thirsty, I am so thirsty

Na na na na na  
Ooooh Ooooooooooh  
Na na na na na  
Ooooh Ooooooooooh
