I had to walk away  
Cause I was living in a darkened place  
The expressions I made  
Could have fooled another liar  
But they never could have fooled you

And we moved too fast  
To ever make this last  
Are you listening  
I can hear you whispering my name

Can you hold on tight  
To your heart your soul your mind  
Cause I know you're gonna make it to the other side  
Can you hold on tight  
To your heart your soul your mind  
Cause I know you're gonna make it to the other side

You'll never loose this race  
Don't be afraid to face the day  
Our hearts are beating at the same pace

And we moved too fast  
To ever make this last  
Are you listening  
I can hear you whispering my name

Can you hold on tight  
To your heart your soul your mind  
Cause I know you're gonna make it to the other side  
Can you hold on tight  
To your heart your soul your mind  
Cause I know you're gonna make it to the other side

Keep your head up baby  
Don't give up now baby  
Take it slow and maybe  
Time will show

If you hold on tight  
To your heart your soul your mind  
Then I know you're gonna make it to the other side

If you hold on tight  
To your heart your soul your mind  
Then I know you're gonna make it to the other side
