i don't know how
i found the sweetest thing around
please tell me where
have you been
it was long overdue
my hope was gone,
in believing that two could be together
baby i was wrong
so wrong
it's true,

so let's take our time
we don't gotta to rush
i want this to feel right
yeah, i don't wanna miss anything
so i have to hold on tight

i can't stop my head from spinning
we are on our way to a new beginning
like a kid on a bed i can jump for joy all day
it's you, it's you, it's you
i can't believe i can ever ignore you
when all i can say is how much i adore you
i'll never let anyone else get in our way
it's you it's you it's you

remember the day
remember the day that we first met
i knew right away
all along it was you.
on our first date,
i remember sitting right across from you
thinking to myself, do we have to go?
can't we just stay?

i can't stop my head from spinning
we are on our way to a new beginning

like a kid on a bed i can jump for joy all day
it's you, it's you, it's you
i can't believe i can ever ignore you
when all i can say is how much i adore you
i'll never let anyone else get in our way
it's you, it's you, it's you

i feel so crazy about you,
i know you feel the same way too

i can't stop my head from spinning
we are on our way to a new beginning
like a kid on a bed i can jump for joy all day
it's you, it's you, it's you
i can't believe i can ever ignore you
when all i can say is how much i adore you
i'll never let anyone else get in our way
it's you, it's you, it's, you

1,2,3,4..

i can't stop my head from spinning
we are on our way to a new beginning
like a kid on a bed i can jump for joy all day
it's you, it's you, it's you
i can't believe i can ever ignore you
when all i can say is how much i adore you
i'll never let anyone else get in our way
it's you, it's you, it's you
