Embrujo, bajo el sol
Cuando llueve y sube el calor
Mojando la piel

Bewitchment under the sun
When it rains and the heat goes up [1]
Getting the skin wet

Ven aqui, junto a mi
Mueve el aire y empuja el agua
Apaga ese rumor

Move the air and push the water
Come here, beside me
End that rumour [2]

Alli no te detienes
Giras y siempre te mueves
Una maldicion?
Y te obliga a bailar
Ay ay y no puedes parar
Es un ritmo oculto, magico
Continuum

There you don't stop
You spin and always move
A curse?
And it forces you to dance
Oh!, Oh!, and you can't stop
It's a hidden, magic rhythm
Continually

Embrujo, bajo el sol
Cuando lleuve y aprieta el calor
Mojando mi piel

Bewitchment under the sun
When it rains and the heat tightens
Getting my skin wet

Ven aqui, junto a mi
Mueve el aire y empuja el agua

Apaga ese rumor

Come here, beside me
Move the air and push the water
End that rumour

Alli no te detienes
Corres i siempre te mueves
Una maldicion?
Mama, ma, mama, mama
Ay, ay, y no puedes parar
En un ritmo oculto, magico
Continuum
Si...

There you don't stop
You run and never stop
A curse?
Mama, ma, mama, mama
Oh, and you can't stop
It's a hidden, magic rhythm
Continually
Yes...

Translation by Juan Montoya,

[1] I.e, it gets hotter.

[2] Literally, "turn that rumour off". In spanish "rumor" can also be the distant sound of a river or rain Water.
