You're the God of this city
You're the King of these people
You're the Lord of this nation
You are

You're the light in this darkness
You're the hope to the hopeless
You're the peace to the restless
You are

There is no one like our God
There is no one like our God

Greater things have yet to come
And greater things are still to be done in this city
Greater things have yet to come
And greater things are still to be done in this city

You're the God of this city
You're the King of these people
You're the Lord of this nation
You are

You're the light in this darkness
You're the hope to the hopeless
You're the peace to the restless
You are

There is no one like our God
There is no one like our God

Greater things have yet to come
And greater things are still to be done in this city
Greater things have yet to come
And greater things are still to be done in this city

Greater things have yet to come
And greater things are still to be done in this city
Greater things have yet to come
And greater things are still to be done here

There is no one like our God

There is no one like our God

We believe

Greater things have yet to come

And greater things are still to be done in this city

We believe

Greater things have yet to come

And greater things are still to be done in this city

Greater things have yet to come

And greater things are still to be done in this city

Greater things have yet to come

And greater things are still to be done here

We believe, we believe greater things

Greater things, greater things

Greater things, greater things
