I watched you talking to your lover  
I saw the tears in your eyes start to flow  
You said you thought it was forever  
What kind of fool could ever let you go?

But I know you still care  
And I'll be waiting there

(Chorus)  
When your world's falling down  
And your friends can't be found  
And loves got you down on bended knees (Love is all  
you need)  
Close your eyes, say a prayer  
Call my name, I'll be there  
You can count on me

Go on and cry, it's only human  
Just let me be the one to help you through  
I've always loved you from afar  
Always reaching for that start that shines on you

So let me feel your pain  
Cause you will love again

(Chorus)

I'll always be there for you  
Baby... Oh-oh...  
Well I know you still care  
But I'll be waiting there

(Chorus)  
(Your world's falling down)

Oh yeah...  
You can count on me, baby  
Woh-oh-oh...  
Say a prayer, I will be there  
Cause you can count on me

I'll always be there for ya, baby

You can count on me  
Oooh oooh...  
Yeah Yeah
