"Summer"

Visit "[Summer](#)" on MotoLyrics.com

Were down with summer all the time
Were down with nothing on our my mind
Will run up and down the shores a hundred times
Will scream as loud as we can scream
Were down when were on top of things
I said were down when were on top of things

Chorus

Were down with summer all the time
Were down with nothing on our my mind
Will run up and down the shores a hundred times
Will scream as loud as we can scream
Were down when were on top of things
I said were down when were on top of things

Chorus
