(Verse)

I see it clear, my heart is here
We got each other and let's take it from there
And if I could I'd love you a forever end time

(Verse)

What we've been through, no one else knows
'Cause all that matters is how far this goes
And it will go until it starts again

(Chorus)

Me and you, I look like I might
Nothing can't stop love from love
And our love
And I'm not asking for much
Just a couple of forevers
A couple of forevers
I'm the only one, you're the only one
Together til never
I'm talking bout forever
Just a couple of forevers
I'm the only one, you're the only one
Together til never

(Verse)

It can get hard, then it gets rough
It can get crazy, but not for us
'Cause we gotta struggle just to stay apart

(Chorus)

Me and you, I look like I might
Nothing can't stop love from love
And our love
And I'm not asking for much
Just a couple of forevers
A couple of forevers
I'm the only one, you're the only one
Together til never
I'm talking bout forever
Just a couple of forevers
I'm the only one, you're the only one

Together til never
Never, never

(Interlude)
Can you see it all over oh?
Can you see the signs from above?
It's so blinding, there's no denying
You and me

(Chorus)
Me and you, I look like I might
Nothing can't stop love from love
And our love
And I'm not asking you for much
Just a couple of forevers
A couple of forevers
I'm the only one
I'm the only one, you're the only one
Together til never
Together til never
Forever and ever
Forever and ever and ever
I'm the only one, you're the only one
Together til never
