And then it comes to me like an epiphany

It's over

It's over

[Verse 1]

Second night in a row

You didn't come home

I'm watching my phone

Waiting for it to ring

Sitting on the couch with the TV on

All night all alone

Every night same old thing

[Chorus]

So I think I'm just about over being your girlfriend

I'm leaving, I'm leaving

No I wonder what you've been doin

Where you been sleeping

(Its over)

I'm leaving

I'm leaving

[Verse 2]

So you walk in

The next morning

To find me smiling,

Like nothing ever happened

You give me some excuse

Like you always do

I just kiss your cheek

And this is what I tell you (you, you)

[Chorus]

So I think I'm just about over being your girlfriend

I'm leaving, I'm leaving

No I wonder what you've been doin

Where you been sleeping

(Its over)

I'm leaving  
I'm leaving

[Bridge]

How many times did I fall for your lies  
How many times did I fall down and cry  
Never questioning why? why? why? why?  
It just came to me  
Like an epiphany  
How about if I just leave-e-e-e

[Chorus]

So I think I'm just about over being your girlfriend  
I'm leaving, I'm leaving  
No I wonder what you've been doin  
Where you been sleeping  
(Its over)  
I'm leaving  
I'm leaving
