Coulda been anyone, instead I'm me, (instead I'm me)

An-an-and I Coulda been a millionaire then my life would be, (life would be) a little something like this

Some-some-something like this

something like this

some-some-something like this

New money

Picture me livin in a mansion condo estates in the Hamptons

ridin with my top down summertime rollin in the phantom

partyin every day and, partyin every night

blowin money like its nothing that's what I call livin life,

window shoppin at the mall, wishin I could buy the wall, things I couldn't dream of havin, now I can have it all,

girls used to turn me down, now they wanna love me,

what goes around comes back around and life is feelin lovely,

cause I got it (I got It) (I got It)

and I ain't going back to that life

(I got It) (I got It) (I got It)

Cause somehow everything feels right, now

(I got It) (I got It) (I got It)

I'm never going back to that life

(I got It) (I got It) (I got It)
