(Verse 1)

I'm feelin you, you feelin me  
But still we can't be together  
I got a feelin'  
You got these same feelins  
Too bad we can't feel 'em together

I sit on my bed and wonder  
How it'd be if you were mine  
I think of you like no other  
Here's what I do every night...

(Chorus)

Write in my notebook  
X's and o's  
Beside your name  
Only my notebook knows how I feel  
My heart is on every page

Oh oh oh oh (feel a little like)  
Oh oh oh oh (love a little like)  
Oh oh oh oh (feel a little like)  
Hey hey

Oh oh oh oh (feel a little like)  
Oh oh oh oh (love a little like)  
Oh oh oh oh (feel a little like)  
Hey hey

(Verse 2)

Do you have any idea  
How hard it is to act like you don't mean a thing and  
This chemistry between you & me  
I wanna share with everyone (OH! )  
All I can do is just write down every emotion I feel  
Hopefully one day you'll find out  
My love for you is real(So)

(Chorus)

Write in my notebook  
X's and o's

Beside your name  
Only my notebook knows how I feel  
My heart is on every page

Oh oh oh oh (feel a little like)  
Oh oh oh oh (love a little like)  
Oh oh oh oh (feel a little like)  
Hey hey

Oh oh oh oh (feel a little like)  
Oh oh oh oh (love a little like)  
Oh oh oh oh (feel a little like)  
Hey hey

(Bridge)  
So many times I must have loved & lost (I've patched  
up every one)  
So many times I've let love walk by (I've let love go by)  
This time's it's going to be different (it's gonna be  
different this time)  
Take my notebook  
Read everything in my mind  
So I...

(Chorus)  
Write in my notebook  
X's and o's  
Beside your name  
Only my notebook knows how I feel  
My heart is on every page

Oh oh oh oh (feel a little like)  
Oh oh oh oh (love a little like)  
Oh oh oh oh (feel a little like)  
Hey hey

Oh oh oh oh (feel a little like)  
Oh oh oh oh (love a little like)  
Oh oh oh oh (feel a little like)  
Hey hey

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh  
Hey hey (repeat until fade)
