Spend a lot of money at the top toon shop on weekends  
Spend a lot of dividends on nb concert tickets  
And I might just fly to Amsterdam, to hang with a friend  
of mine  
Raybans shade hide the party I had at my spot last  
night  
At 4:30 make it to Chris's day I feel so fly  
Oho, the coffee run I'm so tired  
Starbucks please I'm so buy  
Tryna change the world, die

I'm a rich hipster, I hang with 30000 friends, yeah  
A really, really rich hipster, my richness lives in here  
One to your heart

Home made t shirt, time to stop us, uniform  
Yet not ignored  
Home made t shirt, time to stop us, uniform  
Look nice, yet not ignored  
We all try to be different but we're all the same  
Sharing art and love we all bleed red tonight  
When I hit the club, promise to show me love  
No matter who you are, y'all can get along  
Meeting a new stranger, making new friend  
Never know maybe a friend to the end  
American delight and I'm back again  
Wave your love when you wave your flag  
I said wave your love when you wave your flag

I'm a rich hipster, I hang with 30000 friends, yeah  
A really, really rich hipster, my richness lives in here

She so ahead of the curb, peter get on the nerves  
A trip store for furs, and I'm hoping that miss knows  
her worth my loafer  
She deserve of these stacks and more  
Look, with the riff raff of course, bills gonna fall  
behind  
For the ills and the fashion board  
Ok, smile for the photo, caf? at?tryna find a couple  
sohos

Approximately, my street, just watch me  
The cops do, but cabs don't I'm dark steam  
Chris dior, mangella, giocangi  
Cool people in costumes how I see it  
Grand sheet, I'm just playing so now I see it  
In 5 ?the world better ghetto with non fear  
The complex will cover Obama and Romney  
And I only ?the beef is the fucking relieve me

I'm a rich hipster, I hang with 30000 friends, yeah  
A really, really rich hipster, my richness lives in here  
I'm a rich hipster, I hand with 30000 friends, I do, aha  
I'm a rich hipster, my richness lives in here
