Verse 1:

I stand before You undeserving,
My heart You know and see
Still you take me to your chambers
By grace accepting me.
You lead me in with no intention of ever letting go

Chorus 1:

God of love, pursuer of my soul
You refuse to let me go
In your presence I remain

Verse 2:

I stand before your throne of glory
Captured by your grace
And I find the sweetest feeling
As I'm locked in your embrace
I cling to you with no intention of ever letting go

Chorus 2:

God of love, pursuer of my soul
You refuse to let me go
In your presence I remain
God of love, you created me to be
By your side eternally
In your presence I remain.

Bridge:

Love has found me, it surrounds me
I am yours, I am yours
