Media blitz, public serenade, carrot on a stick, keep
you enslaved
Sit around and watch the rich have fun on T.V.
The meaning of life, to buy those things: a shiny car, a
diamond ring
Sit around and watch the rich have fun on T.V.
The "good" life is withing your grasp - turn the channel,
make it last
Sit around and watch the rich have fun on T.V.
Freedom of choice - no choice at all - shoved down my
throat 'til I want it all
Sit around and watch the rich have fun on T.V.
Celebrities laugh, they're happy - well I don't find it one
bit funny
Sit around and watch the rich have fun on T.V.
I'm tired of all this shit piled on me
