A home is not a commodity,
To profit off others poverty,
The earth is not private property...
Our land has been stolen,
Ransomed to who can pay,
Who says it must be this way?

[Chorus:]

Kill Your Landlord (do it now),
Kill Your Landlord (kill him dead),
Kill Your Landlord (off his head),
Kill Your Landlord-

Clean up your community,
No room for the greedy,
People take priority.
Who makes a slum?
Profit- sucking scum,
Take back what is yours

[Chorus]
