Give a little, give a little one love everyone, I Cor. 13:4-8

Is there something we can give away and never hope to ever get a fair return

A love so pure is with us everyday I pray one day all of God's children will learn

Well you know that love is patient and you know that love is kind. Don't let there be no hesitation. When you give that love let your love light shine.

Chorus: Give a little, give a little one love everyone, give a little, give a little one love under the son (2X). scabadi babadoo bom bom bidely bom skeng! don't you know it is our love we have to send yall? The only way to change this world my friend, I say love will bring us to a better day. We just can't hold back from this hurting land, we've got to give a little one love come what may. Don't you know that love will never fail, it's always faithful and true. Come on and give that love inside your heart as the Father gave to you. Chorus. One love, one heart, one God, one destiny, one love, one heart, give some one love

(I Cor 13:4-8) Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It is not rude, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Does not delight in evil but rejoices with the truth. It always hopes, trusts, protects and perseveres. Love never fails It lasts throughout the years. So don't you know that when push it comes to shove, unto the Father you must give a little love.

Chorus repeats.
