Do you believe in love, handsome man  
'cause i might just have some, if you will  
you could be my unofficial mate  
until you find your fate

believe is hard to do  
believe is hard not to do

do i think it is all just a lie  
not when i see behind your eyes  
back there where you can't hide

your words are no disguise

so many songs for you to melt  
if only i had been the king  
but it only sounds desperate  
when a woman sings it

so what if we're just both going mad  
will this curse ever end  
when will we lift that weight  
hanging over our heads
