Above everything, within my  
Knowledge but against my will  
A new God controls me, he who  
Sees my blood soul, cold and still

Above everything, an infallible,  
True feeling awaits  
A world full of hate, a world  
That God has put to it's fate

Above everything, my tired  
Soul's being picked at by birds  
At least i won't have to hear the  
Last true human being's lying words

I'm not driven by passion  
Not even passion of life or of love  
I'm not driven by my anger  
With the purpose of my evil words

I see my pretty wife  
In a broken mirror  
She's washing her dress  
From bloodstained to snow white

A naked child within the ruins  
Standing here in the fresh, white snow  
His tearful eyes just can't conceive  
That they have left him all alone

His trembling lips speak unfamiliar words  
Questions accuses no one hears his say  
He sees no one's left to guide his way  
I'm so ashamed my living body rots away
