She's unforgettable...

I try to run away but I'm moving kinda slow
Cause I feel like a plate but no place to go
This is the say goodbye, babe, she could go alone, no
no

What has been going on is too hard to explain
She's been longing around but all in vain
Don't wanna beat around and take all the pain again,
again

She's too hot to be mine
And too cool to decline
But I can't get her out of my mind

I try to forget her
Erase her number
But still remember
She's unforgettable
Trying to fade her
Love's getting colder
But still remember
It's unforgivable, She's unforgettable

She's the one to blame for she's driving me mad
I try to end this game with this crazy cat
But she's still the same
It's a beautiful flat
She's bad

I try to make it clear that she's not for me
But she keeps getting near, how can this be?
She won't disappear, She makes me be
She's mean

She's too hot to be mine
And too cool to decline
But I can't get her out of my mind

I try to forget her
Erase her number
But still remember

She's unforgettable
Trying to fade her
Love's getting colder
Bu still remember
It's unforgivable, She's unforgettable

With every beat of her heart
She wants to tear me apart
And she's hurting me bad
And never giving it back
She took that part of my life
Cutting my soul like a knife
She's unforgettable

She's too hot to be mine
And too cool to decline
But I can't get her out of my mind

I try to forget her
Erase her number
But still remember
She's unforgettable
Trying to fade her
Love's getting colder
But still remember
It's unforgivable, She's unforgettable
