Heaven only knows where we went wrong
Thought I was in the place where I belong
However hard I tried, I was living a lie
I've been thinking
My mind's racing all the time

How I wish I could love you, baby
Right here in my arms and hold you, baby
I don't know what I'm afraid of
I keep falling in and out of love

You're everything I'd ever ask for
But what I feel makes me unsure
There's something missing
I don't quite know what
But let me tell you for once in my life

How I wish I could love, baby
Right here in my arms and hold you, baby
I don't know what I'm afraid of
I keep falling in and out of love

I must be going crazy
To let go of someone like you
But what can I do
We can't hold on to maybes
When we both know that it's not true
That we're made for each other

I'm in and out of love

How I wish I could love you, baby
Right here in my arms and hold you, baby
I don't know what I'm afraid of
I keep falling in and out
Keep falling in and out of love

Oooh, In and out of love
