When you feel the dream is over
Feel the world is on your shoulders
And you've lost the strength to carry on

Even though the walls may crumble
And you find you always stumble through
Remember never to
Surrender to the dark

Cause if you turn another page
You will see that's not the way
The story has to end

Cause if you need to find a way back
Feel you're on the wrong track
Give it time
You'll learn to fly
Tomorrow is a new day
And you will find your own way
You'll be stronger with each tear that you cry
Then you'll learn to fly

In your head so many questions
The truth is your possession
The answer lies within your heart (Within your heart)

You will see the doors are open
If you only dare to hope and you
Will find a way to fight
The fears that kept you down (You down)

Cause if you turn another page

You will see it's not the way
The story has to end

And if you need to find a way back
Feel you're on the wrong track
Give it time
You'll learn to fly
Tomorrow is a new day
And you will find your own way

You'll be stronger with each tear that you cry
Then you'll learn to fly

Oh, yeah
Lookin' at your situation
There's so much that you can do
Now's the time to make your stand

This is just an observation
In the end it's up to you
The future's In your hands, oh...

Oh...
And if you need to find a way back
Feel you're on the wrong track
Give it time
You'll learn to fly
Tomorrow is a new day
And you will find your own way
You'll be stronger with each tear that you cry
Then you'll learn to fly

Give it time
Then you'll learn to fly
