Alright.
I can tell you want an eye for an eye.
You've been drivin with a cold heart.
On a lonely road too late.
We can't go back cause.
What's been done has been done.
Don't go looking for a smoking gun.
To heal the pain.

God only knows.
You will never stop this madness.
If you don't let it go.

Hear the voices when they're calling.
You don't have to take it down to the wire.
No more choices.
When you fall you can't make a wrong.
To make it right.

Feels good.
You can taste it in your dreams every night.
You imagine how you turn that knife.
And just walk away, tell me.
Is it over when it's all said and done?
Is it sweeter if you hurt someone?
Coz they hurt you.

And God only knows.
You will never lose your sadness.
If you don't let it go.

Hear the voices when they're calling.
You don't have to take it down to the wire.
No more choices.
When you fall you can't make a wrong.
To make it right.

It don't make no sense.
Just to even up the score.
Coz nobody wins.
They just end up losing more

Hear the voices when they're callin'.
You don't have to take it down to the wire.
No more choices.
When you fall you can't make a wrong.
To make it right.
Hear the voices when they're calling.
You don't have to take it down to the wire.
No more choices.
When you fall you can't make a wrong.
To make it right.
