"Where could the magic have gone"

Visit "[Where could the magic have gone](#)" on MotoLyrics.com

I don't think I can forget.
The way that you smiled.
When I touched your shoulders.
Hours flew by in bliss.
Whenever we were on our own.

I can still see light.
From the days your eyes were bright.
When it still felt right.
When I kissed your lips goodnight.

Where could the magic have gone.
It was always so strong.
I thought our love would last forever.
Where could the magic have gone.
How could things go so wrong.
I wish I didn't sing this song.
Coz I don't think I can forget.
No I don't think I can forget.
But I must go on.

I would have said if I could.
That I'll carry on if you're lost forever.
But I can't see life being good.
When you won't be there by my side.

I can still see light.
From the days your eyes were bright.
When it still felt right.
When I kissed your lips goodnight, so.

Where could the magic have gone.
It was always so strong.
I thought our love would last forever.
Where could the magic have gone.
How could things go so wrong.
I wish I didn't sing this song.
Coz I don't think I can forget.
No I don't think I can forget.
But I must go on.

If you still see light.
From the days our eyes were bright.
It could still feel right.
I could kiss your lips goodnight.
Tell me.

Where could the magic have gone.
It was always so strong.
I thought our love would last forever.
Where could the magic have gone.
How could things go so wrong.
I wish I didn't sing this song.
Coz I don't think I can forget.
No I don't think I can forget.
But I must go on.
