I wrestle with what to say
Nothing comes out right anyway
You know my tendency to complicate
So I'll shoot straight, I'll keep it simple

Help, help, I need you
Oh oh I need you
Please help
Give me your help
I need you
Oh oh I need you
I need your help

I lay in ruin like a fallen empire
Taken out by my own desires
You saw my pride you knew the end would come
And now I'm going down in flames
With one last word
Oh!

Help, help, I need you
Oh oh I need you
Please help
Give me your help
I need you
Oh oh I need you
I need your help

I need your help, I need your help
Oh I need you, oh I need you
I need your help, I need your help
Oh I need you, oh I need you
I need your help, I need your help
Oh I need you, oh I need you
Help me, oh help me out!

Give me your help
Give me your help
I need you, oh oh I need you
Give me your help
Give me your help
I need you, oh oh I need you
