You can run but I'll be here waiting  
For your return when you get frustrated  
I'm the only one who loves you without condition  
Here I am

I will, I will be here  
Waiting, waiting  
I will, I will be still  
I never change my mind

I'm a rock and you can stand on me  
Whenever you're lost down the road that you need to  
turn  
This world is crazy and it's not the safest place to be  
Oh come with me

I will, I will be here  
Waiting, waiting  
I will, I will be still  
I never change now  
I will, I will be here  
Waiting, waiting yeah  
I will, I will be still  
I never tell a lie

Come with me

You can run but I'll be here waiting  
For your return when you get so frustrated

I'm right here

I will, I will be here  
Waiting, waiting now  
I will, I will be still  
I never change now  
I will, I will be here  
I'm waiting, I'm waiting  
I will, I will be still  
I never tell a lie

So come with me

Oh
