Oh oh oh release me!  
You know not what you do  
Oh release me!  
You're splitting my head in two  
Oh you tease me!  
Do you know just what you do?  
I have got to reach her  
She knows just what to do

And you can do what you want  
You always do what you want

Oh release me!  
I am a walking arab state  
Oh release me!  
I can't bear anything  
I won't spare anything  
Oh you tease me!  
Do you know just what you do?  
I have got to reach her  
She knows just what to do

And you can do what you want  
I have run out of words to give you  
I have run out of things to say

But my heart still beats towards you  
My heart still beats towards you

Oh release me!  
Because my heart it beats for you  
And I have lost the reason  
Why you started that  
Or why I followed it  
Oh you tease me!  
Do you know just what you do  
I have got to reach her  
She knows just what to do

You can do what you want  
I have run out of words to give you

I have run out of things to say  
But my heart still beats towards you  
My heart still beats towards you

And you can do what you want  
You always do what you want
