I feel stuck and I need to know  
Oh tell me what the future holds  
I want the answers so  
Show me, show me what's going on

I can't stand sitting around  
I gotta move and I gotta move now  
How much longer do I have to wait  
Right here

Still trying to figure it out  
My head keeps spinning around  
Why, why, what's it all mean  
Hey, hey, won't you tell me  
I don't know which way to go  
Cause I've never been down this road  
I'm tired of second-guessing and obsessing  
So I'm asking please  
Talk to me!

Will I find you when the wheels stop turning  
And my road meets a dead end  
It's clear that I am lost  
And I turn to you for direction  
You show me that I've been wasting  
Been chasing, misplacing  
My faith in answers that only cloud my mind  
Oh but I'm

Still trying to figure it out  
Dizzy from spinning around  
Why, why, what's it all mean  
Hey, hey, won't you tell me  
I don't know which way to go  
Cause I've never been down this road  
I'm tired of second-guessing and obsessing  
So I'm asking please

If I don't know where to go you are the one that will  
know  
I'm losing control but it's alright, it's alright  
It's like we've been here before and I'm still learning for

sure  
I can't ignore that it's alright, yeah it's alright

Cause I'm still trying to figure it out  
Dizzy from spinning around  
Why, why, what's it all mean  
Hey, hey, won't you tell me  
I don't know which way to go  
Cause I've never been down this road  
I'm tired of second-guessing and obsessing  
I'm still guessing

Still trying to figure it out  
My head keeps spinning around  
Why, why, why, won't you tell me  
Oh, I don't really know which way to go  
Cause I've never been down this road  
I'm tired of second-guessing and obsessing  
So I'm asking please  
Talk to me!
