Stay alone in my room  
Every moment passing too soon  
Watch the candles burn into the night

Fall into a dream  
Wake up and every thing's the same  
A second older but alone just like a child

If you just give me a sign  
To live and not to die

Then I could see a little light  
I could find some piece of mind  
I don't know where you are  
Maybe near or maybe far  
I just need a little light

Hear a clock ticking  
On a life that could have meaning  
If I could find the love light in your eyes

See a million people  
Everyone's so lonely  
But we don't have to be alone tonight

Then I could see a little light  
I could find some piece of mind  
I don't know where you are  
Maybe near or maybe far  
I just need a little light

If I could see a little light  
If I could find some piece of mind  
If you just give me a sign

I could see a little light  
I don't know where you are  
Maybe near or maybe far  
I could see a little light  
If I could see a little light  
I could see a little

Stay alone in my room  
Every moment passing too soon  
Watch the candles burn into the night
