Try to hurt me deep inside
You thought you knew it all
You kept me hanging on to feed my ego small
And than you're calling me

Do you think this is a game that anyone can play
Don't care for me, my story is what they will pay
You from you're calling me
I will remember all you did

'cause I have them all in my department
My back is off the wall
And I'm turning the tide
I have them all in my department keep knocking on my
door
I will let you inside

I'm on the front-page kicking back and having fun
You can say that talent an illusion on the run
And still you're calling me
And I will remember all you did

And I have them all in my department
My back is off the wall
And I'm turning the tide
I have them all in my department keep knocking on my
door
I will let you inside

You were full of greed but you will reap what you saw
And you almost crushed me up make me drop try
breaking my pride
And I wonder why

And I have them all in my department
My back is off the wall
And I'm turning the tide
I have them all in my department keep knocking on my
door
I will let you inside

And I have them all in my department
My back is off the wall
And I'm turning the tide
I have them all in my department keep knocking on my
door
I will let you inside

Keep knocking on my door
I will let you inside

Keep knocking on my door
I will let you inside
