Music: reinhard falk, lyrics: david-ceal vanian

When I saw you with my eyes I was somehow  
paralysed.

But honestly I didn't know what to say.  
You were standing with your friends watching me with  
confidence, but all I did was hiding away.

It's true when they say it's not easy to be in a love at  
first sight.

So there's only this one thing that I just can do, which is  
telling you straight what I'm feeling for you.

You are the one you are my star  
I know for sure you're like the sun and I just want you by  
my side

Feeling like a fool of love, praying to the lord above to  
send me down some clever words to say  
But suddenly you start to smile and it only took a little  
while.

You walked up to me and asked: "what's your name? "

It's true when they say it's not easy but sometimes  
they're simply not right.

So, there's only this one thing that I have to do, which is  
kissing you straight

So you're kissing me, too

You are the one

You are my star

I know for sure you're like the sun and I just want you by  
my side

( repeat chorus )

I just want you by my side, that is right.

So, you can shine on my dreams come true.
