A very pleasant goodevening ladies and gentlemen  
It is now time  
The one and only, there never will be another  
Christina Aguilera

That's how music should sound

Ooh hey

I've waited for some time  
To get inside the minds  
Of every legend I've ever wanted to stand beside  
It's like an endless ride  
Feelin the lows and highs  
Of every lyric and melody, every single rhyme  
So here I stand today  
And tribute I do pay  
To those before me who laid it down and paved the  
way  
And so to God I pray that He will give me strength  
To carry forward the gift of song in His good faith, in  
His good faith

Going back to basics  
To where it all began  
I'm ready now to face it  
I wanna understand  
What made the soul singers and the blues figures  
That inspired a higher generation  
The jazz makers and the groundbreakers  
They gave so much of themselves in dedication

So here I stand today  
And tribute I do pay  
To those before me who laid it down and paved the  
way
