Think I'm still, tough as nails
never feel, never fail, but you're wrong,
so damn wrong

Feel the weight of your hate
I still bleed my heartaches
as you take, and you take

Words cut through my skin
Tears roll down my chin
My world crumbles within, hey

But I'll take it all on
and get up when I fall
till the last curtain call

But you'll never get the best of me, no you won't
said, you'll never get the best of me, no more

Aren't you tired of throwing stones
tried to kick me when I'm down
but you'll never get the best of me, anymore.

So you're cold, made of ice,
heart of stone, born to fight
but I cry, I still cry

Are you happy to know
I'm unhappy, alone
Take your shot, I'm wide open

Words cut through my skin
Tears roll down my chin
My world crumbles within, hey

But I'll take it all on
and get up when I fall,
to the last curtain call

But you'll never get the best of me, no more
said, you'll never get the best of me, no more

Aren't you tired of throwing stones
tried to kick me when I'm down
said you'll never get the best of me, anymore.

But you'll never get the best of me, no more
said, you'll never get the best of me, no more

Aren't you tired of throwing stones
tried to kick me when I'm down
said you'll never get the best of me, anymore.

Heartbroken and beaten
Knocked down and mistreated
I will rise undefeated
I will not let you bring me down.

Now the pain is deleted
And I will never repeat it.
I will rise undefeated.
I will not let you bring me down.
No, I won't let you bring me down.

Knocked down and mistreated
Heartbroken and beaten
Still I rise undefeated
'Cause you'll never get...

But you'll never get the best of me, no you won't
said, you'll never get the best of me, no more

Aren't you tired of throwing stones
tried to kick me when I'm down
but you'll never get the best of me, no you won't, no

Heartbroken and beaten
Knocked down and mistreated
I will rise undefeated
I will not let you bring me down.

Now the pain is deleted
I will never repeat it.
I will rise undefeated.
I will not let you bring me... down.
