So the pain begins  
As the music fades  
And I'm left here with  
With more than I can take

If you lift me up  
Just get me through this night  
I know I'll rest tomorrow  
And I'll be strong enough to try

When the static clears  
And all is said and done  
I will realize  
That we all need someone

If you lift me up  
Just get me through this night  
I know I'll rest tomorrow  
And I'll be strong enough to try

So when you see me crashing  
And there's nowhere left to fall  
Will you lift me even higher  
To rise above this all

If you lift me up  
Said if you lift me up

Whoo-yeah, ahhh-yeah (repeat x2)

Said if you lift me up  
Will you lift me higher

When you see me crashing  
And there's nowhere left to fall  
Will you lift me even higher  
To rise above this all

If you lift me up  
Said if you lift me up  
If you lift me up  
Just get me through this night
