Okay, this hospitality bracelet  
Let's do something crazy

I can't believe what you did to me  
Down on my knees and I need to break free  
All these years you violated me  
(Violated me oh yeah)  
I don't know why I can't feel inside  
I try to hide, can't make it alright  
It's overkill, now I'm ready to fight  
(Ready to fight)

I don't need nobody tryin' to make me over  
(Make me over)  
I just wanna live simple and free

I just wanna get away  
Savin' all your bullshit for another day

Feeling confined like I'm bein' force fed  
My vision's blurry and I'm lost in regrets  
It's overload, and I'm outta control  
(Outta control oh yeah)  
So sick and tired of bein' so misused  
(So misused)  
You're taking me down with all your mental abuse  
And I said, I gotta get you outta my head

Everybody's always tryin' to look me over  
(To look me over)  
I just wanna live simple and free

I just wanna get away  
Savin' all your bullshit for another day  
I'm the only one that can rescue me, from me

Leavin' the house at around quarter to five  
Zipped up my boots and I'm ready to ride  
(Ready to ride)  
And I feel so high  
(Feel so high)  
I feel so alive

Let down my hair, feel the wind on my skin  
(Wind on my skin)  
Crossin' the border where my new life begins  
And I close my eyes  
(Close my eyes)  
And take it all in

I don't need nobody tryin' to make me over  
(Don't make me over)  
I just wanna live simple and free

I just wanna get away  
Saving all your bullshit for another day  
I'm the only one who can rescue me, from me

I just wanna get away  
Saving all your bullshit for another day  
I'm the only one who can rescue me, from me

You wanna break me down  
You wanna break me down  
You wanna break me down
