This one

Can you feel it, feel the groove
Let the music take control
And let your body move
Just relax, oh and listen to the sound
Once the music takes you
You will finally have found
It will take, you away
To another state of mind
Where peace you'll find inside the sound
Just escape, to a place
Troubles seem to flow away when you get away

Get this party going on
The feel of the rhythm
Gotta, gotta make it strong
Leave it going on
If you wanna get away
And ease your mind now
Come on everybody stay
And let the song
Take you away, yeah

Alright

Can you feel it, feel the groove
Let the music take control
And let your body move
Just relax, oh and listen to the sound
Once the music takes you
You will finally have found
It will take, you away

To another state of mind
Where peace you'll find inside the sound
Just escape, to a place
Troubles seem to flow away when you get away

Get this party going on
The feel of the rhythm
Gotta, gotta make it strong

Leave it going on
If you wanna get away
And ease your mind now
Come on everybody stay
And let the song
Take you away, yeah

Get this party going on
The feel of the rhythm
Gotta, gotta make it strong
Leave it going on
If you wanna get away
And ease your mind now
Come on everybody stay
And let the song
Take you away, yeah

Get this party going on
The feel of the rhythm
Gotta, gotta make it strong
Leave it going on
If you wanna get away
And ease your mind now
Come on everybody stay
And let the song
Take you away, yeah
