When they push, when they pull  
Tell me can you hold on  
When they say you should change  
Can you lift your head high and stay strong

Will you give up, give in  
When your heart's crying out "that is wrong"  
Will you love you for you at the end of it all

Now in life there's gonna be times  
When you're feeling low  
And in your mind insecurities seem to take control  
We start to look outside ourselves  
For acceptance and approval  
We keep forgetting that the one thing we should know  
is

Don't be scared  
To fly alone  
Find a path that is your own  
Love will open every door

See in your hands the world is yours  
Don't hold back and always know  
All the answers you will unfold  
What are you waiting for  
Spread your wings and soar

The boy who wonders, is he good enough for them  
Keep trying to please them all  
But he just never seems to fit in  
Then there's the girl who thinks she'll never ever be  
Good enough for him  
He's trying to change and  
That's a game she'll never win

In life there will be times when you're feeling low  
And in your mind insecurities seem to take control  
We start to look outside ourselves  
For acceptance and approval  
We keep forgetting that one thing we should know is

Don't be scared  
To fly alone  
Find a path that is your own

Love will open every door

See in your hands the world is yours  
Don't hold back and always know  
All the answers they will unfold  
What are you waiting for  
Spread your wings and soar

In the mirror is where she comes  
Face to face with her fears  
Her reflection looked forward on to her  
After all these years  
However how she's tried to be  
Something besides herself  
Now time has passed and she's ended up  
Somewhere else with regret

What is it that makes us feel the need  
To keep pretending  
Gotta let ourselves be

Don't be scared  
To fly alone  
Find a path that is your own  
Love will open every door

See in your hands the world is yours  
Don't hold back and always know  
All the answers you will unfold  
Don't wait no more  
Spread your wings and soar

Find your road  
Love will open every door  
See in your hands the world is yours  
Don't look back in the window, you'll find your way  
Always know all the answers will unfold

Oh don't wait  
Spread your wings and soar  
Don't wait no more  
You've got to soar  
Spread your wings and soar  
Don't wait no more  
No don't you wait no more  
Spread your wings and soar  
You've can soar

So what you waiting for  
Don't wait, Don't wait  
Soar
