[Diddy:]

Can you feel me  
Do that shit do that shit do it  
Do that shit do that shit do it  
Do that shit do that shit do it  
Do that shit do that shit do it  
ooh yeah  
On the dance floor  
Yeah yeah yeah  
Lets play a game  
On the dance floor  
(Oh yeah)  
Yeah yeah yeah  
Let's play a game  
Let's pretend for a second  
You don't know who I am or what I do  
Let's just put it to the side  
I can feel your heart beating  
I can hear you breathing  
Look into your eyes  
Trying to see into your mind  
See into your soul  
See, no limits to the levels  
Me and you can go  
When it's me, I take control  
But it's something about you  
That makes me wanna change  
I like the way you dancing  
And the way you play the game  
I like the way you take away the pain  
The way you tell me that you want it  
Not saying a thing  
The way you got me going  
Got me going outta brains  
I see us going at it  
Going in and out of them lanes  
I don't want your innocence  
I don't want you to stutter  
I don't want a commitment  
I don't want you to suffer  
I don't want your number  
Baby, I want you to wonder

I want you to come up  
Looking like something you wanna  
[Christina Aguilera:]  
Tell me, what you thinking about  
When you got me waitng patiently  
And usually, I don't have to wait for nobody  
But there's something about you  
That really got me feeling weak  
And I'm trying to find the words to speak  
Boy, I got my eyes on you  
Tell me what you wanna do  
I can picture you in my room  
Until the morning  
I don't even know your name  
Boy, I need to know your name  
I'm hoping that you feel the same  
Tell me if you want it  
I know you're gonna like it (I know)  
So tell me how you want it (Tell me)  
And you don't have to fight it (You don't)  
Cause baby you're invited (Baby)  
I know you're gonna like it (I know)  
So tell me how you want it (Tell me)  
And you don't have to fight it (You don't)  
Cause baby you're invited (Baby)  
[Diddy:]  
You're dreams fullfilled  
You're rockin with the best  
unforgivable, i'ma put yo limits to the test  
You're pulsating, your heart is beating outta your chest  
You're hyperventilating, trying to catch your breath  
(Don't stop)  
I'm the first, I'm the next, I'm the end  
I'm the boss, in your thoughts, that'll make your mind  
bend  
Look how I approach you, look how I expose you  
Look how Ive studied every move, now I know you  
I don't wanna control you, I wanna console you  
And do everything that I told you  
Get high with me, come touch the sky with me  
Fly with me, see life with new eyes with me  
(Don't stop)  
I'm the dream, I'm the one, I'm the reason you come  
I'm a king, I'm a hung, I'm a beast  
I'm the last thing your eyes see  
The passion's inside me, it's yours  
Now come try me, c'mon  
[Christina Aguilera:]  
Tell me, what you thinking about  
When your hands is all on me  
Cause I've been thinking about

All the possibilities  
Ain't no other place that I really wanna be  
Cause you're sweepin' me off my feet  
Boy, I got my eyes on you  
Tell me what you wanna do  
I can picture you in my room  
Until the morning  
I don't even know your name  
Boy, I need to know your name  
I'm hoping that you feel the same  
Tell me if you want it  
[Hook:]  
I know you're gonna like it (I know)  
So tell me how you want it (Tell me)  
And you don't have to fight it (You don't)  
Cause baby you're invited (Baby)  
I know you're gonna like it (I know)  
So tell me how you want it (Tell me)  
And you don't have to fight it (Baby you're invited)  
Cause baby you're invited (Baby)  
[Bridge: Christina Aguilera]  
I got a selection of the positions of affection  
With no pressure  
So tell me  
Tell me how you want it, tell me how you want it babe  
I got a selection of the positions of affection  
With no pressure  
So tell me  
Tell me how you want it  
Tell me how you want it babe  
Do that shit do that shit do it  
Do that shit do that shit do it  
Do that shit do that shit do it  
Do that shit do that shit do it
