So many years have gone by  
Always strong, tried not to cry  
Never felt like I needed any man  
To comfort me in life  
But I'm all made up today  
A veil upon my face  
But no father stands beside me  
To give his bride away

Well I'm standing in the chapel  
Wearing my white dress  
I have waited for this moment  
With tears of happiness  
Here I leave behind my past  
By taking the chance  
I've finally found the right man

Thoughts racing fast through my mind  
As I'm gazing down the aisle  
That my future will mend the memories  
Torn between father and child

My emotions overload  
'Cause there is no hand to hold  
There's no shoulder here to lean on  
I'm walking all on my own

Here I go  
Now I'm standing at four corners  
To have and to hold  
Now my love, you stand beside me  
To walk life's winding road  
And I owe it all to you  
For taking the chance  
You've shown me there's a right man  
'Cause I never knew a right man

Well I'm standing in the chapel  
Ready to confess  
That I've waited for this moment  
With tears of happiness  
Now I leave behind my past

By taking the chance

Ohh

Well I'm standing at four corners  
To have and to hold  
Now my love, you stand beside me  
To walk life's winding road  
And I owe it all to you  
For taking the chance

And one day my little girl  
Will reach out her hand  
She'll know I found the right man
