Hmm

Ooh, ooh, ooh, ooh

Here we are, safe at last  
We can breath a sigh  
It seems the storm has passed  
All our friends would ask us why  
With all that stood between us  
Why did we even try?

No one I know imagined we would make it  
But it only matters that we both believe  
Oh

You and me, we're a miracle  
Meant to be and nothing can change it  
Mountains move and oceans part  
When they are standing in our way

You and me, we're a miracle  
Angels stand watching over us  
And heaven shines upon us everyday

All my life I felt incomplete  
But you touched my soul with your love so sweetly  
You hear my thoughts, you read my mind  
You're the part of me I thought I'd never find

No one I know can make me feel like you do  
You hold me and I feel like I can fly  
Ooh, ooh, ooh, ooh

You and me, we're a miracle  
Meant to be and nothing can change it  
Mountains move and oceans part  
When they are standing in our way

You and me, we're a miracle  
Angels stand watching over us  
And heaven shines upon us everyday

Oh, ooh, ooh, ooh

Oh, oh

The chance was so unlikely  
That we would ever be  
Two stars among the heavens  
Destiny brought you to me

Oh, oh, we're a miracle  
Meant to be, oh and nothing can change it  
Mountains move and oceans part  
When they are standing in our way

You and me, we're a miracle, oh  
Angels stand watching over us  
And heaven shines upon us, everyday

Oh, ooh, oh, oh

You and me, we're a miracle, miracle  
You and me, we're a miracle, miracle  
Miracle
