Your words, how they cut so deep
I can hear you in my sleep
Lying here, wishing here
Wishing here, waiting

You forget I know your tender spots
But I'll be careful with your heart
I'm the one loving you
So come on and love me

Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Why do you want to go
And shoot love to the ground?
Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Play with me, lay with me

Sometimes I can be so cold
I let you in but I don't let go
Pulling you, pushing you
Pushing you, pulling

Don't want to tear our love apart
Can we find each other in the dark?
Can we start living here?
Can we start giving?

Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Why do you want to go
And shoot love to the ground?
Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Play with me, lay with me

So we are in love
So we are at war

But we can be on the same side

Lay down your arms
Lay down your arms

Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Why do you want to go
And shoot love to the ground?
Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Play with me, lay with me

Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Lay down your arms
Lay down, down, down, down
(Lay down your arms)

Lay down your arms
Lay down, down, down, down
(Lay down your arms)
Lay down your arms
Lay down, down, down, down
(Lay down your arms)
