Live your life be free  
Live your life be free  
Open up your mind and you will see  
You should be with me, baby  
You should be with me

I see you walking with her  
I see you all around  
But you don't seem very happy now  
You seem very down

I know you feel an obligation  
To her emotional state of mind  
But this is the time of your life baby  
And you should be having a good time

And if you want me, I'll be there  
To run my fingers through your hair  
If you need me, it's alright  
Come on over baby  
And see me tonight, you've got to

Live your life be free  
Live your life be free  
Open up your mind and you will see  
You should be with me, baby  
You should be with me

You know that I'll be waiting  
You know my heart is true  
I will be your everything  
And give everything to you

So is you want me baby, I'm yours  
You don't have to knock, kick down my doors  
Rules are made to be broken everyday  
You got one life to live, so hey why don't you?

Live your life be free  
Live your life be free  
Open up your heart and you will see  
You should be with me, baby

You should be with me  
You should be with me, baby  
You should be with me

Live your life be free, baby  
Live your life be free, baby  
Live your life be free, baby  
Live your life be free, baby  
And when you free your mind  
You will leave your past behind

Live your life be free  
Live your life be free  
Open up your eyes and you will see  
You should be with me, baby  
You should be with me  
Live your life be free
