It's a shot in the dark
But baby I'd like the chance
Fate ain't working
So I'm taking it into my hands

No sad songs not tonight
No slow songs not tonight

It's a shot in the dark
And a chance at real romance
It's a shot in the dark
And a chance at real romance

Who'd ever believe
I'd ever see the edge of your tan
But here in the moonlight
Looks like summer is past

You can take me, I'm yours tonight
Well, make me yours tonight

It's a shot in the dark
And a chance at real romance
It's a shot in the dark
And a chance at real romance

Real romance with you, I'd like to see
Romance with you I'd like to feel
Romance with you I'd like to be
The one who does to you what it is you do to me

Shot in the dark and baby I'd like the chance
Fate ain't working so I'm taking it into my hands
Your eyes shine tonight like the first time I saw you
dance
I'm gonna get to know you any way that I can

I ain't waiting not tonight
No waiting

It's a shot in the dark
And a chance at real romance

It's a shot in the dark
And a chance at real romance

It's a shot in the dark
And a chance at real romance
It's a shot in the dark
And a chance at real romance

It's a shot in the dark
And a chance at real romance
It's a shot in the dark
And a chance at real romance
